BASED IN INDIANA, SERVING INTEGRATORS WORLDWIDE

Speaker Snap is an Indiana-based audio connector manufacturer that serves clients globally. We are dedicated to producing top-quality audio connectors for the audio/video industry. Our connectors not only have an appealing design but also provide a reliable, fast, and sturdy connection.

INVENTED BY AN INTEGRATOR - FOR INTEGRATORS

Rick Goren, the Owner, created Speaker Snap based on his experience as an integrator. As the owner of his own CEPro 100 integration company, he constantly sought ways to improve efficiency during installations. Speaker Snap now offers top-notch connectors that enable integrators to effortlessly connect large audio systems, resulting in a quick and polished finish.

OUR PRODUCTS - DESIGNED AND BUILT BY A WORLDCLASS TEAM

Our team of world-class engineers meticulously designs all of our connectors and products to ensure that each one is crafted to perfection. Throughout the manufacturing process, we carefully observe and test every step to guarantee that each piece is flawless in both appearance and connectivity. Additionally, our expert shipping team ensures that every order is delivered in a timely manner.

HIGH STANDARDS AND CUSTOMER SATISFACTION

At Speaker Snap, we take pride in our products and want our integrators to feel confident in their purchases. That's why we put all of our products through rigorous testing in various categories to ensure their quality. Additionally, we stand behind our products with a lifetime warranty, so you can trust that you're getting the best possible product.

SPEAKER SNAP

CONTACT US FOR PRICING AND ORDER INQUIRIES

Speaker Snap provides the fastest, simplest connectors in the industry. The connectors use a patented lever to make a secure connection with no set screw required! The powerful spring and gold-plated plug lock the wire in place for a solid electrical connection. They support a wide range of wire without the need for multiple products or fittings. Speaker Snap connectors are a must-have timesaver for every A/V installer.

Banana Plug

Patent No. 11, 749, 927 B2

Speaker Snap offers the most innovative banana plugs available for custom integration, using patented technology to create a more secure connection super fast! Speaker Snap banana plugs are a must-have for every A/V installer. Perfect for speakers, receivers, wall plates, and connecting massive audio systems.

Specifications

- Patented Technology for fast installation
- Gold Plated for a solid electrical connection
- Accepts 12-24 AWG Wire
- Lever design for a tool free installation
- Max of DC 300V / DC 40A
- Made of Nylon 66 + 30% Graphite
- Flame retardant

Dimensions Per Piece

- Length: 43 millimeters / 1.69 inches
- Height: 15 millimeters / 0.59 inches
- Width: 8 millimeters / 0.31 inches
- Weight: 3.76 grams / 0.008 lbs
- Hole Diameter: 4 millimeters / 0.16 inches

Keystone Insert

Speaker Snap offers the most innovative keystone insert available for custom integration, using patent pending technology to create a more secure connection super fast! Speaker Snap keystone inserts are a must-have for every A/V installer. Perfect for hooking up massive audio systems using banana plugs and wall plates.

Specifications

- Patent Pending Technology for fast installation
- Gold Plated for a solid electrical connection
- Accepts 12-24 AWG Wire
- Lever design for a tool free installation
- Max of DC 300V / DC 40A
- Made of Nylon 66 + 30% Graphite
- Flame retardant

Dimensions Per Piece

- Length: 45 millimeters / 1.77 inches
- Height: 18 millimeters / 0.71 inches
- Width: 22 millimeters / 0.87 inches
- Weight: 13.22 grams / 0.03 lbs
